JupiterGrades Login Information for Parents & Students

This year most teachers at CNB are using the JupiterGrades website to post grades and homework for their students. You can login ANYTIME to check your child's current grades, homework, missing assignments, and test scores. It's completely secure, so no one else can see your child's personal information or academic progress.

You can login by following the steps below:

1. Go to JupiterGrades.com.
2. Click the "Login" tab.
3. Type Name: *Your student's name OR student #*
   Password: *It will be what you entered the first time you logged in***
   School: **Constable Neil Bruce**
   City: **West Kelowna**
   Country: **Canada**
   Province: **British Columbia**

      **If you have NOT logged in before, you will need a temporary password. You can either email one of your students' teachers directly and request the password, or email myself (see below). Upon logging in the first time you can choose a password that will be used for all future logins.

5. That is all! Now you can see an overview of how the student is doing in any classes using the JupiterGrades system. Repeat this process any time you want to check the students' progress.

Note: You will be able to use the same password to check all classes at once. Please feel free to contact the teacher directly if you have any questions about a specific class or myself (Jason Elder) at jason.elder@sd23.bc.ca about any JupiterGrades specific questions
